Minden, NV. 89423

Dear Holly,

Once again, I would like to thank you for your excellent service in getting the MORE Program in effect on the Cheyenne II, N131PC that we just sold. Your service and professionalism is unparalleled and a welcome relief from the mediocre service I get in many other parts of this business.

The MORE Program has been a godsend to us in it's ability to make some of the older PT6A Powered economically viable. It's an easy to understand program and adds enormous utility and value to some of the King Air's and Cheyenne's we deal in. Without the ability to extend the TBO, I'm afraid more than a few perfectly serviceable airplanes would end up as salvage.

I look forward to working with you again.

Respectfully,

Conrad Jones
